## **INTRODUCTION**

British Drug Free Powerlifting Association, abbreviated as BDFPA, is the operating name of Drug Free Powerlifting Ltd, a company limited by guarantee and incorporated on 9<sup>th</sup> January 2019, registration number 11758041.

### **1. GOVERNANCE**

In accordance with company law, the company's governance arrangements are set out in the Articles of Association (Articles).

Using powers of delegation conferred to the directors by the Articles, the day-to-day business of BDFPA is undertaken by the BDFPA Executive and National Council.

These Bye-laws, Rules & Regulations are created by the National Council in accordance with the powers delegated to them by the directors and in furtherance of the objects of BDFPA, as stated in the Articles.

Unless the context requires otherwise, the definitions of the Articles shall apply to these Byelaws, Rules & Regulations.

For avoidance of doubt, if any Bye-law, Rule or Regulation conflicts with the Articles then the provisions of the Articles will take precedence.

### **BDFPA EXECUTIVE**

The company's first BDFPA Executive was appointed by the directors on incorporation, mirroring the Executive of the previously unincorporated British Drug Free Powerlifting Association.

Executive positions are guided by Terms of Reference as defined by the President and accepted by each incumbent.

As BDFPA directors are required to hold an executive position and the appointment of directors is for a period of 3 years, so too are all BDFPA Executives appointed for period of 3 years.

All BDFPA Executives may be appointed for successive terms of office.

Other than a retiring Executive Officer who offers themselves for re-election, nominations for Executive positions must be made by a National Council member and seconded by another National Council member.

The President may only be relieved of their position by a vote of no confidence, instigated in the light of extenuating circumstances. Under such circumstances the President will stand down from the Chair and their place will be taken by an officer elected by those present and entitled to vote, for the duration of the meeting.

The BDFPA Executive shall be affirmed at the AGM.

### **NATIONAL COUNCIL**

The company's first National Council (NC) was appointed by the directors on incorporation, mirroring the National Council of the previously unincorporated British Drug Free Powerlifting Association.

The Council consists of: President, General Secretary, Treasurer, Membership Registrar, Events Co-ordinator, Technical Secretary, British Records Registrar, Drug

Control Officer, Services Liaison Officer and the Divisional Representatives.

In addition to managing the day-to day operations of BDFPA in furtherance of the BDFPA objects, the Articles pose specific responsibilities on the NC via majority vote:

Article 5.1 – determine Divisional boundaries

Article 5.7 – affiliate to WDFPF or other drug free international bodies

Article 22.4 – decide changes to Executive positions

Article 22.5 – allocation of Executive positions to individuals

Article 23.5 – approve admission of new NC members

Article 23.8 – remove NC member in accordance with this Article

Article 23.12 – invite a BDFPA member to speak at NC meeting

Article 25.2 – prescribe information to be collected on membership application form

Article 25.5 – accept or reject applications for membership

Article 26.7 – set membership fees for classes of membership

Article 26.8 – change membership fees for the following membership year

The National Council is a self-disciplining body.

There shall be no established order of succession to any National Council position.

Any member of the National Council may resign at any time by giving notice in writing to the President.

The National Council members, including Divisional representatives, shall be affirmed at the AGM.

### **DIVISIONAL REPRESENTATIVES**

All vacant National Council positions for a Divisional representative will be advertised on the BDFPA Official website, social media group page, or other electronic location deemed appropriate by the President.

Where a member wishes to be considered for a vacant National Council position, they should contact the President in the first instance.

Where a Division has a recognised committee in place then that Division, via the committee, may propose a Divisional representative to join the National Council.

Divisional representatives are appointed for a continuous period.

### **CHANGE OF BYE-LAWS, RULES & REGULATIONS**

Subject to the below, amendments to the Bye-laws, Rules & Regulations may only be made at the AGM or at a special general meeting called for that purpose.

Any amendment to the Bye-laws, Rules & Regulations will take effect 14 days after publication by the BDFPA.

Publication will be via the BDFPA website and any other electronic location, including social media, deemed appropriate by the Technical Secretary.

Rule changes will be highlighted in red during the first year of the change.

Any alteration to the WDFPF rules relating to Referees and Support Staff, Conduct of Competition Rules of Performance will automatically be adopted by the BDFPA (AGM 2019)

2. Any complaint regarding undisciplined anti-social behavior likely to bring the BDFPA into disrepute will, in the first instance, be brought to the attention of the President, whose prerogative it is to decide whether the offence is of a nature to warrant a Warning of Conduct and to request a written letter of apology from the offender. If a satisfactory letter of apology is forthcoming, the matter is ended. If no letter of apology is forthcoming within 14 days of the request being received by Registered Letter, or if the apology is deemed to be unsatisfactory, the President shall consult all available members of the National Council to determine whether it is the majority view that the subject of the complaint warrants further disciplinary action. Where such action is considered by a majority of National Council members to be appropriate, the President may instruct a Disciplinary Committee to consider the matter and take whatever steps it deems necessary. In the event of a tied vote, the President shall make the decision whether to proceed with further disciplinary action. For procedures following notification of a positive test by drug control agencies, see '*Drug Control Procedures*'.
3. The Disciplinary Committee shall discuss the known facts and details and consider the implications. If deemed appropriate it shall be empowered to ban the member permanently.
4. A banned member may not compete, referee, or act in any official BDFPA capacity. Prior to a Disciplinary Committee convening, a member accused of an offence shall be required to submit their case in writing, having been given at least 14 days' notice by Registered letter sent to the last known address. Failure on the part of the member to submit their case in writing will not prejudice the Committee's deliberations and the matter will be considered in the absence of the member's letter. If the member chooses to defend their actions by letter, this should be forwarded to the General Secretary.
6. A member thus banned by the Disciplinary Committee shall be informed by the General Secretary by registered letter of their right to appeal.
7. For subsequent action see '*Rights of Appeal*'.

8. It must be noted and emphasised that, where a member is banned from the BDFPA, this will in no way prejudice his affairs or dealing with the club or institution with which they may be connected by membership or ownership. Nor shall the BDFPA, by deed or implication, presume upon a banned member's continued membership of their registered club or institution. However, where a banned member's club or institution is promoting BDFPA proceedings that same banned BDFPA member may not enter, take part in, nor assist in any ancillary capacity in those same BDFPA proceedings.

BDFPA Officials involved in disciplinary proceedings shall not publicly speculate further nor elaborate upon decisions made under their aegis.

## RIGHTS OF APPEAL

1. Any member feeling aggrieved by the decisions or actions of the Disciplinary Committee, may appeal either to a second Disciplinary (Appeals) Committee (such a committee must be convened if specifically requested by the member concerned), or direct to the full National Council of the BDFPA – by lodging a letter of appeal with the General Secretary, not more than 14 days after notification of disciplinary action. The written appeal must be accompanied by a pledge of £20 which will be returned to the Appellant if the appeal is upheld and not considered to be of a frivolous nature. If no letter of appeal is received within 14 days of notification of disciplinary action, the decision of the Disciplinary Committee will be considered final and irrevocable.
2. The forwarding of an appeal letter and pledge does not confer any rights on the Appellant, and they are deemed suspended from all BDFPA activities from the date of receiving notification of suspension or expulsion, until such time as their appeal is heard.
3. The second Disciplinary (Appeals) Committee or the National Council, are obliged to respond to the Appellant's grievance within 28 days of receiving their letter and financial pledge. If the Appellant has chosen to appeal to a second Disciplinary (Appeals) Committee, and if a specific meeting is to be convened, they shall be granted at least 14 days' notice of the precise date, time, and venue of the hearing. The General Secretary shall discharge these details by Registered Letter. The BDFPA President will decide on the hearing date, time, and venue. If the Appellant has chosen to appeal direct to the whole National Council, there will not normally be any meeting scheduled, but the Council will convene and deliberate by other means (such as electronic mail) to arrive at its decision.
4. The second Disciplinary (Appeals) Committee or the National Council, shall hear all the facts and evidence during which the Appellant is permitted to act as advocate in their own defence - or they may appoint any person to plead their defence on their behalf.
5. The decision of the second Disciplinary (Appeals) Committee or the National Council on Appeals shall be final and binding. The President shall instruct the National Council to act on the findings of the appeal and then instruct the General Secretary to inform the Appellant of the findings by Registered Letter.

## DRUG CONTROL POLICY

The BDFPA was founded in 1989 specifically to provide an **alternative national platform for drug free powerlifting competition**. It is a governing body unequivocally committed to drug-free sport in general, and to drug-free powerlifting in particular. Accordingly, it is expected that all members share these convictions and that their total support for, and co-operation with, the drug control and testing policies of the Association can be relied upon.

### DRUG ABUSE

1. Drug abuse is strictly forbidden and the BDFPA **will ban for life** any member found guilty of drug abuse, subject to a right of appeal as set out in the disciplinary rules.
2. Drug abuse is the use by, or distribution to, an athlete of any substance defined as banned by the BDFPA (see paragraph 6). The identification of a substance and/or metabolites of a doping class in a competitor's urine or other sample will constitute an offence. Evidence of blood doping, pharmacological, chemical, or physical manipulation may also be considered an offence which may be penalised.
3. Any member or pending member must, at any time if requested by the BDFPA Drug Control Secretary or other designated official, submit to a drug test at a moment's notice. Refusal to do so or indulging in any behavior considered by the Disciplinary Committee to be obstructive or lacking in co-operation prior to, during or following the giving of a urine sample or any other form of drug testing, will be considered a positive test. The BDFPA membership form which must be completed and signed by all members, includes a drug covenant clearly stating that a member agrees to do everything in their power to enhance and ease the practical aspects of the testing procedure. As such, a member's responsibility to co-operate does not start and end with the giving of a urine sample.
4. Any member found guilty of advising athletes or lifters on how to abuse drugs will be banned for life.
5. If, on analysis by an official IOC accredited drug control body, a urine sample is found to contain a substance banned by the BDFPA or indicates the use of any agent which the BDFPA considers as constituting drug abuse, this will be regarded as a positive test and is grounds for a life ban. Under exceptional circumstances the taking of a banned drug may be considered by the Disciplinary Committee or National Council, following an appeal, not to constitute drug abuse.
6. Banned substances are as detailed on the International Olympic Committee (IOC)/WDFPF list of banned substances, contained in this handbook (see Contents Page). The BDFPA reserves the right to add to or subtract from this list any substance which it feels is relevant or irrelevant to what constitutes drug abuse.
7. In the case of out-of-competition drug testing, the Disciplinary Committee will decide what drugs or what dosage of any given drug constitutes drug abuse, in consultation with an official IOC accredited drug control body. Similarly, the Disciplinary Committee may decide that following an in- or out-of-competition drug test, the taking of what may be considered an excessive amount of a non-banned substance constitutes drug abuse.
8. It is incumbent on all BDFPA members to check with the BDFPA Drug Control Secretary, The WADA Prohibited List, UKAD or GlobalDRO whether any substance they may wish to ingest, is on the banned list. This is true of Medication (for acute or chronic conditions) or nutritional supplements. The use of products which can be legally purchased may in some cases still lead to drug test failures

(positive test results). Similarly, certain commercially available products described as 'nutritional supplements' may contain banned substances. Commercially available products are not exempt from the WDFPF list of banned substances (NC Ballot - July 2002). Members are **personally responsible** for ensuring that any medications or nutritional supplements which they use do not contain substances banned by the WDFPF and BDFPA. A claim by a member failing a drug test that they did not know that they had ingested a banned substance will not be regarded as a valid defense. Ignorance of what constitutes a banned substance will not be considered grounds for an appeal against a ban for a positive drug test.

9. For Medication, see the section Therapeutic Use exemption.
10. A list of suggested alternative medications (which do not contain banned substances) is maintained by GlobalDRO.
11. Any lifter, official or coach found guilty of drug abuse and banned for life will have all records, titles and performances removed retrospectively. The record of any positive drug test will remain on the BDFPA website and other publicly available records indefinitely

### **DRUG CONTROL PROCEDURES**

1. Drug testing shall be by urinalysis, or any other method approved by the BDFPA, and shall be conducted according to WDFPF rules and procedure.
2. Drug testing **in competitions** will be conducted as required. The testing of a minimum of 10% of the total number of competitors is mandatory at National or International competitions staged by the BDFPA (NC Ballot - July 2002).
3. Drug testing **out of competition** will be conducted both at random and wherever/whenever this is considered necessary, and as frequently as resources allow. Normally this will be without warning or notice to the individual concerned. Out of competition tests conducted at Divisional level will be by arrangement with the Drug Control Secretary.
4. The BDFPA reserves the right to conduct as many tests - in or out of competition - on any individual - as it sees fit.
5. The Association may choose to take into account a member's drug testing history from other organisations.
6. **Negative Test.** After negative test results, the President will be notified in the first instance. The Webmaster will then be notified so that the result may be published at the earliest opportunity.
7. **Positive Test.** Following notification of a positive test the Drug Control Secretary will notify the President, who will instruct the General Secretary to notify the person concerned, by registered letter to their last known address, that a banned substance has been found in the "A" sample - and provide copies of laboratory data.
8. The competitor should be invited to provide an explanation of the findings and should also be advised of their right to have the "B" sample analysed and of their right to attend or be represented at this analysis. At this stage the competitor will also be advised of a disciplinary hearing (which must take place not less than 14 days after receipt of this letter), and of their rights of defense (see 'Disciplinary Procedures' - no. 7).

9. Members of the Disciplinary Committee may convene a hearing at a specified location and at a specified date. (Such a meeting must be convened if specifically requested by the competitor). Alternatively, the Disciplinary Committee may convene to consider the case by other means of communication, such as electronic mail.
10. Analysis of the "B" sample should normally take place within 7 days of notification of a positive "A" sample. The competitor will also be notified that a positive "A" sample renders a competitor suspended from BDFPA activities from the date of notification to the date of the Disciplinary Hearing. If "B" sample analysis is requested to confirm the "A" sample finding, arrangements for sample analysis should be made by the Drug Control Secretary with the relevant drug control agency. If analysis of the "B" sample is not requested, it will be assumed that the competitor accepts the result of the "A" sample analysis, and they will be judged accordingly.
11. The Disciplinary Committee shall convene to decide whether the result of the drug tests or tests constitutes drug abuse, and the General Secretary will be informed of their conclusions. If the Disciplinary Committee decide that the competitor is guilty of drug abuse, the General Secretary will inform the competitor by registered letter to the last known address that their membership is suspended for the remainder of the current year and that from then on, a life ban is imposed. The competitor will also be informed of their right to appeal (see Appeal Procedures).
12. The results of a positive drug test and penalties imposed by the Disciplinary Committee shall be published in the BDFPA Drugs Test page of the website at the earliest possible opportunity. Similarly, the result of appeals will also be published at the earliest possible opportunity.

#### **Out of Competition (OOC).**

13 The WDFPF or any of its affiliates will undertake OOC testing as required by the constitutional mandates required. When conducting an OOC test the WDFPF or any of its affiliates have the right to test any member at any time. When undertaking OOC testing the following procedures are to be followed:

14. Where possible the athlete is to receive NO notification of testing for OOC. This can be achieved by a recognised DCO arriving at the known address or gym of the person to be tested. If the person is present, they must undertake to provide a sample at that time. If the individual is unable to permit to such testing due to Work or Family commitments, that are deemed a suitable reason for not providing the test at that time, the individual is required to provide a sample within the next 24 hours in agreement with the DCO. (The only exception to this is if the person is not going to be available for the next 24 hours). If the individual is not at home the DCO may make other visits to try and obtain a test but may choose to conduct future visits in line with below.

15. If the DCO is unsure of the individual's routine or has excessive distance to travel and wishes to ensure the individual will be present they may contact the individual by Phone or e-mail to confirm their ability to undertake a test in the next 24 hours. If the individual fails to contact the DCO within 24 hours a further attempt is to be made, if another 24 hours expires with no contact (for no known reason) the matter is to be referred for disciplinary consideration and action.

16. As individuals are required to notify the membership registrar of any periods of absence from their address, long absences should not be experienced nor be a surprise to the testing organisation when trying to conduct a test. Where the individual has failed to notify an absence disciplinary action may be taken.

17. If on arrival or either a surprise visit or arranged visit as per above, the individual refuses to provide a test, the DCO is to note the refusal on the COC document writing "REFUSAL" across the document, where possible the individual is to sign but it is recognised the individual may not wish to do so, this also is to be noted on the COC.

18. Notification of testing is then undertaken as per the WDFPF Rule book.

## **PENALTIES**

1. Any member found guilty of drug abuse as detailed in the previous sections shall receive a life ban from the BDFPA, subject to the aforementioned procedures and rights of appeal.
2. Under exceptional circumstances, a positive test for any substance on the BDFPA/WDFPF Banned List may not be regarded as drug abuse, subject to the Disciplinary Committee's decision.

## **DRUG CONTROL SECRETARY**

1. The Drug Control Secretary is responsible to the National Council for the implementation of the BDFPA drug control and testing policy.
2. The Drug Control Secretary shall initiate all the testing procedures except where Divisional Sampling Officers, Government or other BDFPA approved agencies are in control. In this case the Drug Control Secretary will act as a liaison officer between such agencies and the BDFPA.
3. The Drug Control Secretary or an official designated by the Drug Control Secretary will ensure that everything possible is done to facilitate the sampling procedures. The Drug Control Secretary or an official appointed by the Drug Control Secretary may carry out the urine sampling procedures, but may not take samples from their own club members or members of their immediate family.
4. Other duties of the Drug Control Secretary include:
  - a. Obtaining drug testing kits and documentation for use as necessary.
  - b. Receiving all drug test results and related documentation.
  - c. Notification of drug test results to the President.
  - d. Where possible, the conduct and/or supervision of drug testing in national competition or at international events staged in the UK.
  - e. Registration and training of Divisional Sampling Officers.
  - f. Making such policy recommendations to the National Council as are appropriate in the light of updated knowledge and information on drug-related issues.
  - g. Liaising with approved laboratories as required.
  - h. Any relevant international contact on drug-related issues.

## THERAPEUTIC USE EXEMPTIONS (TUEs)

If any BDFPA members have medical conditions that require them to take medications that fall under the Prohibited List, a Therapeutic Use Exemption must be applied for to give that member the authorisation to take the medicine. The World Anti-Doping Agency (WADA) has issued an International Standard for the granting of Therapeutic Use Exemptions. The criteria for granting TUEs are:

1. The athlete would experience significant health problems without taking the prohibited substance or method.
2. The therapeutic use of the substance would not produce significant enhancement of performance.
3. There is no reasonable therapeutic alternative to the use of the otherwise prohibited substance or method.

**Any member wishing to apply for a TUE should contact the BDFPA Drug Control Secretary or President in the first instance.**

Full details regarding the TUE scheme can be found on the WADA internet website [www.wada-ama.org](http://www.wada-ama.org) or UKAD (information only, all TUE's are submitted to the BDFPA President)

Additional Notes for Transgender Lifters concerning drugs testing procedures and requirements.

The BDFPA is progressive and inclusive organisation, along with the WDFPF, that welcomes any competitor to its membership. Its basis is on fair competition and as such its rules for membership and the requirement for any individual from any background are set to ensure that fair competition is maintained. As an inclusive organisation the BDFPA accepts that members of the transgender community may wish to participate at BDFPA or WDFPF events. The current BDFPA Policy regarding Transgender lifters (in line with the WDFPF) recognises the studies conducted by the IOC with regards to this subject and will mirror the guidelines set within the IOC recommendations coupled with additional criteria as indicated below:

1. Transgender lifters will be categorised in the sex that they have legally registered themselves as.
2. When undertaking drugs testing they will be tested by an Officer of the same sex as indicated by them above.
3. Where Female - Male reassignment has been undertaken, the lifter must submit a TUE to the BDFPA indicating the medication they are prescribed. There are no other requirements under Female-Male.
4. Where Male - Female reassignment has been undertaken, the individual must obtain a TUE as above, but must also additionally provide proof that they have a testosterone level no greater than five nanomoles per litre of blood as per the IOC recommendations for transgender athletes.

Note: Any drugs testing results will examine the contents of any TUE application. This includes the actual medication and the levels as per the dosage permitted regarding treatment.

- c. By intra-articular or local injection.

The IOC Medical Commission has introduced mandatory reporting of athletes requiring corticosteroids by inhalation during competitions. Any team doctor wishing to administer corticosteroids by local or intra-articular injection, or by inhalation, to a competitor must give written notification prior to the competition to the relevant medical authority.

### **ARTICLE IV:**

Except as specifically otherwise provided in the IOC Medical Code, the detected presence of any amount of substances in listed in Article 1 (Classes S0-S9) in respect of a test conducted in connection with a competition shall constitute a definitive case of doping. The quantity of the substance detected is not material to a definitive case of doping.

### **ARTICLE V:**

The detected presence of ephedrine, pseudoephedrine, phenylpropanolamine and cathine in respect of a test conducted in connection with a competition shall constitute an apparent case of doping. The person affected shall have the opportunity to dispute

the presumption of doping by providing evidence that the substance was present under circumstances which, on a balance of probabilities, including the quantity of substance detected, would support a conclusion that doping was not intended, nor the result of gross or willful negligence nor carelessness. In all cases, the onus of refuting the presumption of doping, when the substance has been detected, shall rest with the affected athlete.

NB Positive Ephedrine results will not necessarily be regarded as drug abuse carrying an automatic lifetime ban. The BDFPA Disciplinary Committee will decide the penalty subject to the following criteria:

1. Up to 10ppm will result in a warning.
2. Over 10ppm will result in a two-year ban (and the removal of any title, placing and records set, if the result of an *In Competition Test*).
3. A second positive Ephedrine test will result in a lifetime ban from all BDFPA involvement.

#### **ARTICLE VI:**

Out-of-competition testing is directed solely at prohibited substances in Article I (S0-S5). The only positive results for purposes of out-of-competition testing and the application of the IOC Medical Code will be in respect of such classes of prohibited substances and pharmacological, chemical, and physical manipulation, and gene and cell doping (Article II ).

4. Members who change their residential address from one Divisional area to another may only vote at one Divisional AGM per year.
5. A Divisional Council may make Divisional Bye-Laws for the management of Divisional business provided that such Bye-Laws shall not override, contravene or be inconsistent with any Article, Bye-Law, Standing Order or Rule governing performance of the Association. The National Council shall have the power at any time to vary or rescind any Divisional Bye-Laws.
6. The point at which Divisional affairs cease to be administered by an appointed Divisional Representative and are administered by a Divisional Council - and subject to the consultation of Divisional members - shall be determined by the BDFPA Executive Council (1996 AGM).
7. No Division or Divisional Council shall have any power to pledge the credit of the Association, not incur any liability whatsoever on behalf of, or in the name of the Association without the consent in writing of the National Council first having been obtained.

### **THE DIVISIONAL AGM**

1. Divisional Associations may hold an Annual General Meeting for the good and benefit of members within its Division. Ideally, this shall be held at some time during the three months prior to 31st December every year. All members residing in the territorial area of the Division shall be entitled to attend the General Meeting of that Division. Such meetings must be advertised to all current members within the Division, giving at least 30 days' notice, and notification of a provisional agenda.
2. Each member attending shall prove their Divisional status before entering the meeting.
3. The business to be transacted at a General Meeting of a Division shall be:-
  - a. To receive the Secretary's Report.
  - b. To receive the Membership Registrar's Report.
  - c. To elect Divisional officers, including a Chair for purposes of conducting the meeting.
  - d. To make recommendations to the Annual Meeting of the National Council to vary or add to the Bye-Laws, Standing Orders and rules governing performance of the Association.

5. A quorum for Divisional Meetings will be a majority of the elected officers.
6. Motions approved by simple majority at a Divisional AGM may be submitted to the BDFPA General Secretary for inclusion onto the agenda of the National AGM.

## **DIVISIONAL OFFICERS**

Each Divisional Association must have the following officers:

- i. Divisional Representative for the BDFPA National Council (Elected by the NC)
- ii. At least one Divisional Drug Control Officer. (This can be the same individual as the Divisional representative)

The Drug Control (Sampling) Officer(s) must be nominated for the Division, and names submitted to the National Drug Control Secretary for approval. The Divisional Sampling Officers will be trained by arrangement with the National Drug Control Secretary or the National Executive Council.

It is suggested that in addition to the above each Division have:

- iii. Divisional Records Registrar
- iv. Divisional Secretary
- v. Divisional Treasurer

## **DIVISIONAL ASSOCIATIONS - OBJECTIVES AND FUNCTIONS**

1. To promote the sport of powerlifting, by organising at least one Divisional competition each year. Additionally, other events such as county championships/inter-club leagues etc may be promoted as desired. Divisions are encouraged to regard such local competitions primarily as a means of recruiting new members to the BDFPA, and to give adequate publicity to such events as will ensure good and improving levels of participation.
2. To promote powerlifting and weight training as appropriate in Leisure Centres/Educational Establishments/Youth Clubs etc.
3. To encourage the training of coaches and instructors for this purpose.
4. To recruit Divisional referees.
5. To encourage the involvement of members in the administration of their Division.
6. Divisional Associations are encouraged to regularly produce and distribute their own bulletin or news-sheet to members in the Division.
7. Divisional Associations may, at their own discretion, establish and maintain a bank account for the promotion of Divisional activities, providing that no aspect of such arrangement's conflicts with the rules and administration of the BDFPA. If a Divisional bank account is set up, a Treasurer must be elected to administer the account, details of which must be made available to members at the Divisional AGM.
8. Divisional Associations may organise any competitive or other activities which do not conflict with the BDFPA Rules or Constitution and are not held to be against the Association's interests in any way.

## **DIVISIONAL RECORDS**

Divisions may maintain lists of records for all categories of lifting recognised and sanctioned by the BDFPA. The Divisional Association may, at its discretion, issue certificates to those who establish or exceed Divisional records

### **THE 'HOME COUNTRIES' POLICY**

1. For purposes of international competition, the rules of the World Drug-Free Powerlifting Federation permit the separate participation as countries of England, Scotland, Wales and Northern Ireland. Accordingly, although the latter three regions of the United Kingdom are required to be established and to function as Divisions of the BDFPA in the normal way, they may each seek affiliation to the WDFPF - either as (1) 'national' bodies in their own right, provided this process does not otherwise conflict with their BDFPA Divisional status in any way, or (2) under the WDFPF 'single & below minimum' registration process by virtue of their status within the BDFPA.
2. BDFPA Divisions operating under the 'Home Countries' policy may apply their own criteria for international team selection. Exceptions to this relate to the Association's general policy of permitting access to national or international competitions only to lifters with a minimum one month's membership of the BDFPA, and a track record of at least ONE Divisional level competition. In addition, lifters must participate in the British Championships and have three months membership to be invited to take part in any WDFPF international event. Under no circumstances may these criteria be set aside without the express permission of the BDFPA Executive Committee.
3. Divisions operating under this policy must also enforce minimum international standards when selecting their team members for the WDFPF platform.

### **CHAMPIONSHIPS, COMPETITIONS AND MATCHES**

1. All championships, competitions and matches involving Powerlifting will be carried out under the Bye-Laws (rules and regulations concerning the sport of powerlifting) of the BDFPA.
2. No championship, competition or match will be planned or executed without the permission of the BDFPA General Secretary or President (NB Bids to organise British or WDFPF International Championships do not require a permit but must be approved by a majority vote of the BDFPA National Council).
3. Competitors at all BDFPA events must produce proof of membership at the scales prior to being weighed in.
4. In all BDFPA powerlifting or single event competitions, all participants are designated in the 'OPEN' section, as well as 'age group' performances and records being recognised (NC Ballot Aug 2004).

### **INTERNATIONAL COMPETITIONS AND MATCHES**

1. The National Council may align itself to any International Powerlifting organisation that it feels is compatible with the aims of the BDFPA. The BDFPA will seek to ensure that its Rules and Regulations governing the sport of Powerlifting are kept the same as the rules governing Powerlifting performance in such an international body. The BDFPA, through its National Council, retains the right to withdraw from any international organisation which it is felt no longer performs in a manner compatible with the aims of the BDFPA.
2. The National Council does, however, retain the right to apply its own rules and regulations to competitive powerlifting at any level, even if not consistent with international rules and regulations.
3. No member may compete in, organise, or take part in any international competition without prior permission from the National Council.
4. Priority selection for the England team will be the highest placed available lifters in each weight class at the preceding British Championships. It is recommended that teams from Scotland, Wales and N. Ireland adopt the same procedures (1997 AGM) - See 'Selection and Qualification of Lifters'

### **MEDIA PUBLICITY**

1. Only members of the BDFPA National Council may make public statements of policy via the press, television, radio, or the internet. Public statements made by members who are not National Council Officials, are personal opinions and the BDFPA will not be held responsible for any legal repercussions resulting from such statements.
2. Members who make public statements which could in any way bring the BDFPA into disrepute will be liable to disciplinary action by the National Council.

### **DISTRIBUTION OF ASSETS UPON DISSOLUTION**

In the event this Association dissolves and its assets are liquidated, after paying necessary winding-up expenses, the remaining assets shall be distributed as determined by the National Council at that time.

## QUALIFICATION OF LIFTERS

***All lifters participating in sanctioned events must be current members in good standing of the Association. The following levels and criteria apply:-***

**DIVISIONAL Championships (including special events such as memorials and 4 Nations)** - current BDFPA membership. Lifters participating in a Divisional championship should normally be registered as a member within that Division, at the date of the event in which they compete, unless otherwise permitted under BDFPA rules in section: Other Conditions For Qualification. There are no other qualification criteria for Divisional events.

Lifters wishing to qualify for a British Championships should do so by lifting in a Divisional championship in their own Division. However, it is accepted that circumstances outside the lifter's control might mean that they either cannot make their Division's championship or that another Division's event might be geographically closer. In such cases an athlete may apply to qualify in a different Division's event. In such cases permission should be sought from the Divisional Rep of the event they wish to attend prior to submitting an entry form. Permission is not guaranteed, as priority will be given to that Division's athletes. The decision to allow lifters from other Divisions to attend their event is entirely at the discretion of the Divisional rep unless covered separately under Other Conditions for Qualification. **NATIONAL** - current BDFPA membership. (For new members – minimum 1 month membership and participation in a qualifying event under BDFPA rules, non-new members participation at a qualifying event). **The only exception to the 1-month membership rule is where the Nationals fall within 1 calendar month of the cut off point for renewal i.e. a National event held before the 28 February. In this case the Lifter must have joined within 1 calendar month of that championship (e.g. if the National were held on the 27 Feb they must have joined by the 27 Jan). All members will be subject to the 1-month minimum unless they have registered their absence with the BDFPA President and have thus “suspended” their membership for a specific reason, such as gap year travel etc.**

In addition, qualification will be by achieving minimum standards as laid down by the Association in the document “British Qualifying Totals” at a Divisional event. At National Championships, the opening lifts must equal or be higher than the qualifying single lift standard, or in the case of full power, must be equal to or exceed the qualifying single lift in each of the three disciplines. At WDFPF world full power competitions all opening lifts must be the single lift qualifier or higher (WDFPF congress 2016).

**Reigning Champion Rule (2018 AGM)** – The current year's champion (1<sup>st</sup> place in weight/age category) automatically qualifies for the following year's national championships. This only applies to the specific discipline they have won (i.e. full power qualifies for full power only, single lift qualifies for the specific discipline won).  
Note:

- a. If an open or Masters lifter changes weight category – They must requalify
- b. Teen and Junior lifters. Teen and Juniors who are moving up in age must have lifted above the next age category standard for their qualification to stand. If they have not met that standard they must requalify.

**Other Conditions For Qualification** - (NC Ballot June 2003)

- i. The totals of Master lifters who qualify at their Divisional in a given age group, but who will be in the next age group at the date of the British Championships, will be considered valid in the next age group. This also applies to OPEN lifters taking part in the M1 category.
- ii. Lifters who qualify in the *Unequipped* section will automatically be eligible for participation in the *Equipped* section of the Nationals – and vice versa.
- iii. Lifters may try again at another sanctioned event(s) elsewhere, without any restraints on the number of attempts allowed to qualify for National events.
- iv. If a Divisional qualifying event has already taken place, new members joining as members of that Division after that date may qualify at any other Divisional/qualifying event, subject to all other conditions of eligibility being complied with.
- v. Where the number of members in a Division (based on the previous end-of-year figures) is SEVEN or less, that Division has the option to combine its Divisional/qualifying championships with that of a neighbouring Division. Regional events (NC Ballot Sep 14) will also assist. Where the number of members in a Division (based on the previous end-of-year figures) is THREE or less, lifters in that Division have the option to qualify for the British Championship at any sanctioned qualifying event. [NB (vi) and (vii) are optional. They are NOT mandatory. There is nothing to stop a Division with very few members from running their own competition and taking steps to attract new members by so doing].
- vi. Lifters who are temporarily based away from their usual Division of residence (more than 3 months in each year), may qualify for British Championships at Divisional events in the area where they are temporarily based (e.g. Students).

If a Division is **unable** to hold its own Divisional Championship, members of that Division may qualify for British Championships at another Division's Championships (2003 AGM).

NB 'unable' does not mean 'unwilling'. It is expected that Divisions will make every effort to run their own qualifying event during the year.

An event is considered a qualifying event if it is a Divisional level event held after that year's nationals (e.g. 4 Nations, All England, UK Masters etc)

Lifters qualifying in their Divisional in the Teenage and Junior age groups, but who are in the next age group at the time of the British, should be required to have reached the necessary qualification standard in the next age category: Qualification of lifters for **National Single Lift Championships** can be based on either single lift performances registered at Divisional championships or individual lifts registered as part of a 3-lift total (subject to the necessary BDFPA single lift qualifying standards being met).

**All members please note:- there are NO other ways of qualifying for entry to any British Championship.**

***Under no circumstances will totals/lifts registered in other organisations be accepted in lieu of normal qualification at BDFPA events.***

***Members should also note that there is no provision under the rules for performances done in WDFPF international events to count as qualifiers for the following British Championships.***

**INTERNATIONAL** - current BDFPA membership (as per conditions for National competition). **Lifters must participate in the British Championship in order to be invited to take part in any WDFPF international event** (NC Ballot Sept 2005).

Class winners, runner up and third place athletes from each of the Home Countries (England, Scotland, Wales and Northern Ireland) at the national championships will

be qualified to enter World, European or other WDFPF Championships in their events - and in their relevant age & bodyweight classifications.

In exceptional cases, lifters wishing to qualify for a WDFPF international event, who are unable for genuine reasons to attend the qualifying British Championship event, may apply in writing for an invitation to compete as a member of their national team. The written application should be sent to the President, who will put the matter for consideration to a 'Qualification Panel' (NC Ballot Sept 2005).

Permission to be granted subject to:

- i. A bona fide reason being accepted for the lifter's inability to qualify at the relevant scheduled BDFPA British Championships event.
- ii. The lifter having attained the WDFPF qualifying standard at some other time during the year.
- iii. The invitation complying with WDFPF rules of team composition and that priority for team places is given in all cases to lifters who have attended the relevant British Championships event.
- iv. All normal conditions of membership being complied with.

BDFPA members in **Scotland, Wales** or **N. Ireland** should contact their Divisional representative for details under the Home Countries policy. Rules pertaining to eligibility, membership, and qualifying standards apply equally to 'Home Countries' lifters as to lifters in England.

**\*\*\* NB Participation in any WDFPF sanctioned international event is strictly by qualification and invitation.**

Members who are unsure if they are entitled to lift at National or International events should confirm their eligibility with their Divisional representative or the Technical Secretary, who will be able to provide confirmation.

## **QUALIFYING TOTALS AND LIFTS**

As qualification standards are assessed annually these will be promulgated on the BDFPA website under qualification.

## **REFEREES**

The BDFPA recognises the following grades of referees:

a. DIVISIONAL REFEREE (Minimum age 18 years)

Upon successfully passing the written examination (pass mark 80%).

b. NATIONAL REFEREE

**On recommendation of the relevant Divisional Secretary**, or a member of the BDFPA Executive Committee, successful completion of the National referee's exam (pass mark 80%) and mentored assessment by the Technical Secretary or by an international referee **nominated** by the technical secretary in their absence. (2018 AGM)

c. WDFPF INTERNATIONAL REFEREE

On recommendation of the Technical Secretary, and on successfully completing all assessments under WDFPF international rules.

d. WDFPF MARSHALL REFEREE

By direct selection of the WDFPF executive committee.

1. All matters relating to the recruitment, training and assessment of referees in the BDFPA are in the first instance is the responsibility of the BDFPA Technical Secretary, who will maintain a register of Divisional, National and International Referees in the Association, and award status to those successfully attaining recognised referee status.
2. The Technical Secretary is responsible to the National Council for all matters concerning the provision of training, standards of adjudication, and conduct of referees.
3. Referees who remain inactive for more than **one year** may have their status revoked/downgraded. International Referees who have not officiated at an international level after 2 years may be reverted to national status and have to re-sit the WDFPF exam. **National referees who have not officiated at a National event after 2 years may be reverted to divisional status and have to re-sit the National referee exam.**
4. Referees who do not renew their membership after the 31 January each year will be required to requalify or otherwise demonstrate currency at the discretion of the Technical secretary.
5. The Association may accord equivalent referee status to referees from other approved organisations, subject to review at the National Council's/Technical Secretary discretion.

**Minimum Referees required to adjudicate at sanctioned events**

DIVISIONAL Championships (including special events such as memorials and 4 Nations) - Minimum 1 Divisional referee. There need only be one Divisional level referee to set a Divisional record.

NATIONAL - Three referees, of whom at least ONE must be a fully qualified National Referee. The centre referee must always be of National grade or above. For setting records all three must be National level.

INTERNATIONAL - Three fully qualified WDFPF International Referees. For International records to be claimed at a national event there **MUST** be a Marshall Referee present.

**Written Examinations**

1. All candidates must be current members in good standing of the Association.
2. Examinations may be invigilated by the Technical Secretary, other appropriately qualified National Council members or Divisional officials, or other persons approved beforehand by the Technical Secretary. The invigilator should be qualified one level up from the level of the exam i.e. National referee to invigilate a Divisional exam, International Referee to invigilate a National exam, Marshall referee to invigilate an international exam.
3. Unless on an organised course, candidates must make their own arrangements as regards the date, time, and venue for the examination, and for any costs to be incurred.

4. At the end of the allotted time for an examination, **all papers** must be submitted by the invigilator to the Technical Secretary for marking. An examination fee of £10 must be sent to the Technical Secretary in respect of each completed examination paper for National level referees (2018 AGM).
5. Alternative means of assessment for individuals who can fulfil the role of a referee but have a specific learning difference will be applied at the Technical Secretary's discretion.

#### **COMPETITION PERMITS**

1. For any competition to be recognised by the BDFPA, it must be sanctioned by the Association. This refers to events of any kind, including all championships, matches, leagues and demonstrations. If the promoter is not the Divisional representative, they should seek the permission via their Divisional representative. The permission will normally be accompanied by various essential competition forms (see 'guidelines for promoters'). (NB Bids to organise British or WDFPF International Championships do not require a permit but must be approved by a majority vote of the BDFPA National Council).
2. It must be clearly understood that no records may be claimed, or qualifying lifts or totals accepted, from events which have not been previously sanctioned by the association. .

## **PROMOTERS' TERMS OF REFERENCE**

Sanctioned BDFPA or international competitions may be organised under the following distinct terms of reference:

1. By the Association, or one of its Divisions or clubs etc, as a joint voluntary undertaking. A Championship Director may be appointed to oversee the planning and organisation of an event, though this is not mandatory.

In all such cases, the financial consequences of promotion will be borne entirely by the body concerned. That is: any profit after legitimate and agreed expenses have been met, will be for the benefit of the BDFPA (or one of its Divisions or Clubs etc, as appropriate). Similarly, the organising body will underwrite any losses incurred as a result of the promotion.

2. By an individual professional promoter(s) on the Association's behalf, having applied for, and been awarded, an official sanction by the BDFPA.. Where a private promoter applies to organise an international championship, a sanction must be applied for from the international governing body (WDFPF) - approval for the bid having first been obtained from the BDFPA Executive Council.

In such cases, expenses incurred in organisation will be borne by the private promoter, who will be entitled to any profits after statutory and other expenses have been met. Similarly, the private promoter will underwrite any losses incurred as a result of the promotion.

3. These terms will not be affected in any way by virtue of any voluntary donations, unless such arrangements are agreed and declared in advance.
4. Sponsorship may be sought for specific events, either by governing body or private promoters. However, no conditions should be accepted from sponsoring companies which might serve to undermine the integrity of the Association. (Example: sponsorship should not be accepted from a company retailing nutritional supplements if such sponsorship is conditional on the display and sale at the championship venue of products containing a banned substance).
5. The terms of reference of promotion of an event (see 1 & 2 above) must be clearly stated, understood and agreed - before an event is sanctioned

### MASTERS' FORMULA

The formula is:  $(LT) \times (SBC) \times (MAM) = (PN)$

LT = Lifter's Total

SBC = Schwartz Bodyweight Co-Efficient\*

MAM = Masters Age Multiply [see opposite]

PN = Product Number

\*For women, use Malone Bodyweight Co-Efficient (MBC)

### EXAMPLES:

Lifter A (67.5kg class) - weighing 66.8 - age 64 - totals 380

Lifter B (82.5kg class) - weighing 81.3 - age 56 - totals 522.5

Lifter C (90kg class) - weighing 88.7 - age 48 - totals 605

Lifter D (100kg class) - weighing 99.4 - age 50 - totals 677.5

Lifter E (110kg class) - weighing 108.2 - age 42 - totals 765

	LT		SBC		MAM		PN
Lifter A	380	x	.7327	x	1.501	=	417.917
Lifter B	522.5	x	.6257	x	1.273	=	416.180

### SCHWARTZ FORMULA TABLES IN KILOGRAMS (MEN)

The Schwartz formula (SF)\* is presented as a table of co-efficients. Each lifter has a co-efficient determined by body weight (BW). Since the table is graduated in one-tenth kilogram intervals, it may be necessary to interpolate. For example, the co-efficient for lifters with body weights 74.5 and 74.6 are 0.6680 and 0.6673 from the table. Thus for a lifter with a body weight of 74.55 the co-efficient is interpolated as 0.66765.

1. To determine the "Best Lifter", multiply each lifter's co-efficient by his total. The resulting factor is his Schwartz Formula total (SFT). The lifter with the highest SFT is considered the "Best Lifter".
2. To determine the winner in a contest between teams of unequal body weights: Determine the SFT for each member of each team. The team with the highest average SFT is the winner.
3. To determine the "Champion of Champions", calculate the SF on the winner of each weight class. The weight class winner with the highest SF is the "Champion of Champions".

## MALONE FORMULA TABLES IN KILOS (WOMEN)

The Malone formula is the official formula for use with female lifters and will be used at all contests with women's Divisions for Best Lifter and "Champion of Champions".

Each lifter has a co-efficient determined by body weight (BW). Since the table is graduated in one-tenth kilogram intervals, it may be necessary to interpolate. For example, the co-efficient for lifters with body weights 74.5 and 74.6 are 0.6680 and 0.6673 from the table. Thus for a lifter with a body weight of 74.55 the co-efficient is interpolated as 0.66765. (errors corrected 2017)
